

NATIONAL DEFENSE PAC

Today, NATIONAL DEFENSE PAC announced its endorsement of Congresswoman Sandy Adams for re- election to the United States House of Representatives from the Sunshine State, Florida. NATIONAL DEFENSE PAC, Chairman, Rear Admiral James J. Carey, USN (ret), stated that Congresswoman Adams has the full support of the NDPAC for election to the US Congress.

“Representative Adams served our country in the United States Air Force and knows military hardships and extreme dangers endured by our military, first hand. Also, Sandy Adams comes from a heritage of serving our country.” Her father served in World War II and Korea as a member of the Navy and then the Coast Guard. Her brother served in Vietnam with the US Army. Additionally, her husband, John, served in Vietnam as a member of the Navy and her daughter in law and son-in-law served in the United States Marine Corps. She is committed to keeping the promises made to our veterans when they agreed to risk their lives to face America’s enemies. She, also, believes in supporting those who are serving, today.

Sandy is an advocate for veterans and our active duty who remain in harms way, protecting all Americans. Those who know her, personally, have witnessed the life of someone with a great work ethic, an active advocate for victims of abuse and crime and a patriotism that courses through her every action.

The National Defense PAC is a non-partisan political action committee registered with FEC. Contributions to the National Defense PAC are used in connection with federal elections, state elections to the extent permitted by law and are governed by federal election law.
