Release, Immediate

Today, the NATIONAL DEFENSE PAC announces with pride its endorsement of **Vincent Danet**, for election as the Delegate from the Virgin Islands to the United States Congress. NATIONAL DEFENSE PAC, Chairman, Rear Admiral James J. Carey, USN (ret), stated, "Vince's experience in the Navy both as a Naval Flight Officer and as a Naval Pilot exposed him to the complexity of issues in the military. He logged over 3,000 hours of tactical jet flight time and 490 carrier landings. His years serving our country in the Navy prepared him to be an asset to both the Virgin Islands and to the House of Representatives. Above this professional background, however, is Mr. Danet's unequivocal integrity. His approach to life is with straightforward honesty."

Vince Danet advocates that our military should be used to intervene only when U.S. national interests are at stake. And those times when our troops are called upon, he will do everything in his power to provide all support necessary to complete the mission successfully. He is a proven leadership and patriot.

While serving our country, Vince received many personal awards including the Air Medal (Strike), Navy Commendation Medal, 3 Navy Achievement Medals, National Defense Service Medal, Southwest Asia Service Medal, Armed Forces Service Medal, the NATO Medal, and the Expert Pistol Shot Medal. Other campaign awards include 2 Meritorious Unit Citations, 2 Battle "E" awards, and the Sea Service Ribbon for multiple overseas deployments. He has traveled extensively worldwide. Through a Special Compartmentalized Background Investigation, he earned a Top Secret Clearance.
