Today, the NATIONAL DEFENSE PAC announced its endorsement of **Tom Weaver** for election to the United States Congress, representing the great State of Massachusetts, 3rd District. NATIONAL DEFENSE PAC, Chairman, Rear Admiral James J. Carey, USN (ret), stated, “Tom Weaver has the full support of the NDPAC for election to the US Congress. Because of his service to this country, he has an understanding of the issues facing active duty and retired military and their families. This experience and knowledge will make him a valuable asset in Congress.”

Tom Weaver stated to our vetting board the following: “There should be two accounts that we maintain and honor. We must maintain the National Defense and we must maintain promises to the veterans. With so many issues – it is too easy for some to forget the importance.”

Mr. Weaver is a graduate of the United States Naval Academy, Class of 1974. Post graduation, Tom was selected for Nuclear Power School after being interviewed by the famous Admiral Rickover. He served on the USS Virginia, CGN38 and the USS Texas CGN39. He was certified a Chief Nuclear Engineer in 1978 and qualified as a Surface Warfare Officer the same year.
